Summary

Experienced **Frontend Developer with over 2 years of experience in Angular (15+)**, building responsive, scalable web applications using modern TypeScript. Skilled in component-based architecture, modular CSS/SCSS, and performance optimization, delivering enterprise-grade features and enhanced developer experience.

Skills

Languages: TypeScript, JavaScript, HTML5, CSS3
Frameworks & Libraries: Angular(15+), Angular Material, RxJS
Data & Styling: REST APIs, JSON, SCSS/Sass, Tailwind CSS, Responsive Design,
Version Control & Methodologies: Git, GitHub, Agile/Scrum

Experience

CrescoWorks LLP   November 2023 – Present
Frontend Developer (Angular)

— Developed and maintained core modules for the **CrescoWorks ATS platform and Career Portal**, integrating REST APIs for real-time data fetch and display in multi-stage applicant tracking and admin workflows.
— Designed **16 reusable table view and 9 tile view** Angular components with Lazy Loading, improving runtime **performance by 20% and enabling code reuse across 25 UI instances.**
— Modernized CSS architecture by **refactoring global SCSS (7,100 lines, 60% reduction)** and implementing CSS Custom Properties (e.g., –font-size: 13px), **reducing build time by 27 seconds.**
— Built complex, validated application forms using Angular Reactive Forms, streamlining the multi-step application process and ensuring high data quality for recruiter teams.
— Implemented **role-based access control (RBAC)** features within ATS platform modules, ensuring **secure and authorized access for enterprise recruiter teams.**
— Collaborated with backend and QA teams on performance optimization (bundle size reduction, image optimization), achieving **faster application load times by 15%**.

Projects

Career Portal

— Developed a Career Portal enabling job seekers to search and apply for jobs, and recruiters to post openings, manage applications, and track candidates.
— Implemented **SEO enhancements (meta tags, optimized page titles, and descriptions)**, resulting in a **10% increase in organic visibility** and search ranking.
— Improved application performance using lazy loading and pagination, ensuring a smooth and faster user experience.
— Integrated responsive UI with Angular and Material Design, ensuring seamless experience across mobile and desktop.

Task Management App

— Built a Task Management System with full CRUD features, improving **daily task tracking efficiency by 40%** using Angular and Reactive Forms.
— Implemented Table and Kanban views to organize tasks by status (Pending, In Progress, Completed), resulting in **30% faster task status** recognition and improved workflow clarity.

Education

M.Sc. Mathematics   Graduated: 2019 - 2021
Chikkanna Government Arts College, Tirupur   *CGPA: 8.0 / 10*

Certifications

- **HackerRank** — Angular | Frontend Developer | JavaScript | Problem Solving

Soft Skills

- Team Collaboration | Agile Methodology | Attention to Detail | Clean Coding Practices
